

# BETACHEK® C50

Cassette blood glucose meter for self monitoring

Award  
Winning  
Design

## All-in-One

- Pocket size meter
- Integrated lancing device
- 50 test cassette

The Betachek C50 All-in-One meter is the world's first meter with a 50 test cassette and *fully* integrated lancing device.

## “No test strip handling or disposal”

After testing, Betachek C50 stores used tests in a separate chamber of the cassette. No mess, no fuss. Ideal for on-the-go testing, in the car, on public transport, enjoying the great outdoors.

## Integrated precision lancing device

10 Penetration levels

- ▶ Opening the sensor cover turns the meter on and primes the lancing device.
- ▶ Press the S button for a tiny blood sample. (only 0.3µl needed).
- ▶ Apply blood to the test zone - results in 5 sec.

## Betachek Diabetes Management App

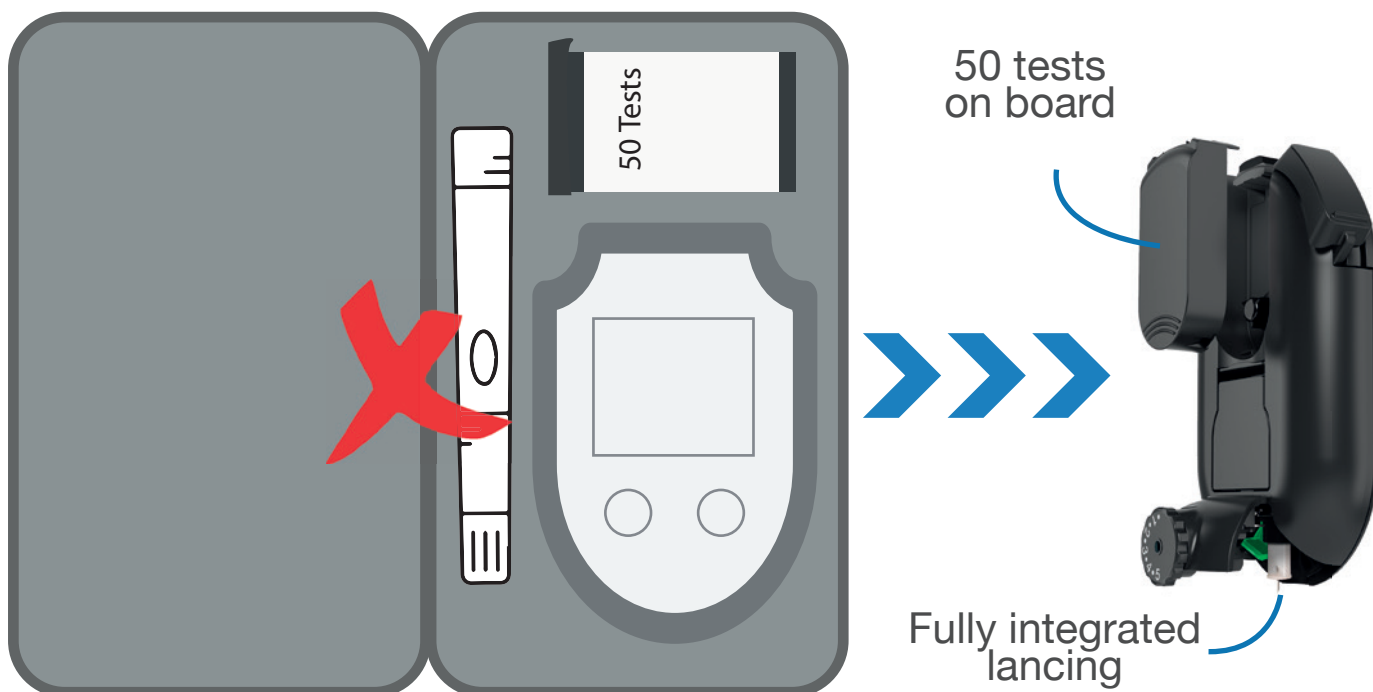

Results are automatically uploaded to your phone wirelessly, where the Betachek diabetes management app creates graphs and charts. Text, email or print reports.

## Four test steps eliminated

## Replace a kit with pocket testing
